Introduction from the President

Greetings,

Welcome to fall, hot air ballooning, and all the holidays celebrations between now and the end of the year. It is our 20th year as a Club. What do you think would be an appropriate celebration in recognition of this milestone? Drop me a line or give me a call.

This weekend “Hamming around New Mexico” will be exploring the Deming area, Cookes Canyon. Good luck to David N6SIK and the members that will be joining him. I hope to hear them on the Mega Link this Saturday and look forward to hearing how the adventure goes. Take a lot of pictures! Be Safe.

I have appointed Rob KI5NBN as the Clubs property coordinator aka quartermaster. This is a committee level position. Rob is free to build his committee as he feels fit. More details to come in future newsletter. Thank you Rob.

There is a new link for the Wednesday Luchtime Noon Chat Room <https://us02web.zoom.us/j/82410741347?pwd=kXb9i18t3bc3MATidQmEsJb31DoVnR.1> Password is 737373

That's all I have for this week. Hope to hear you in the Chat Shack Net Saturday Morning as the balloons descend from the Mass Ascension.

73 Mike KI5NBP

Club Repeaters and Simplex Frequencies

The Club has Two Repeaters, 442.750+ PL 162.2 on Sandia Crest and 145.370 - PL 162.2 in Edgewood. The Club uses two Simplex frequencies, 146.460 and 446.025

Join the FUN, join the Club

Are you aware that the HDARC is one of the most active Amateur Radio Clubs in New Mexico? Well, it is! Read on and find out! Tell a friend! www.nm5hd.org

To become a club member go to www.nm5hd.org and click on the "become a member" tab to join the ever growing group of the coolest Hams in New Mexico, you'll be glad you did!

Welcome to our Newest Members

Theodore Shaffers, Jr.
Ronald Mori - AF5FQ

HAMMING AROUND NEW MEXICO

HAMMING AROUND NEW MEXICO Major Update as of 9-15 24

Weekend of October 4-5-6 Cooke's Canyon north of Deming. Drive down on Friday the 4 th and stay at the Little Vineyard RV Resort 2901 E Pine St Deming NM 575-546-3560

If you plan to attend, please RSVP at n6sik@arrl.net or call 619-306-7260

Deming is about a 3.5 hour drive from Big I. If you are driving down for the day there is no need to drive all the way into Deming. Go south on I-25 to Hwy 26 (Hatch Hwy). Take Hwy 26 west for 33 miles to AO 19 (Cooke's Canyon Rd NE) Try to arrive here by 8:30 am. This is about a 3 hour drive from the Big I.

Saturday morning, we will get an early start so we can visit many of the historic sites important to the history of New Mexico. These are good dirt roads with only a few rough spots so any good ground clearance vehicle should be okay.

We will venture out to visit places like Cooke's Town, Fort Cummings, the old Butterfield Trail and the Wells Fargo Stage Route and Massacre Canyon.

Saturday afternoon we can fire up the radios and see who we can chat with.

For more information contact Past-President David N6SIK.

Special Request from Bill WT0DX -[NEW](#)

I received an email this week from Bill WT0DX out of Colorado. Bill is chasing the ARRL Fred Fish Memorial Award (FFMA), and needs several grids in New Mexico. He is asking any club member who operates or roves in the grids listed below to contact him:

Grids needed: DM56, DM72, DM75, DM76, DM85 and DM86.

Let's help Fred achieve his goal.

Email: wt0dx1@gmail.com

QRZ Page: <https://www.qrz.com/db/WT0DX>

Info. on ARRL FFMA Award: <https://www.arrl.org/ffma>

Grid Locator:

https://www.levinecentral.com/ham/grid_square.php

Open House - Earth-Moon-Earth

I received this invite from Bill WT0DX for our club members to attend this open house:

Annual Deep Space Exploration Society

Open House – Public Invited

Saturday October 5, 2024

10am-5pm at the Plishner Radio

Telescope Site, located at 9301

County Rd 20 (Delores Lane),

5 miles south of Haswell, CO.

In addition to demonstrating the many capabilities of our 60 foot radio telescope, we offer a STEM and Amateur Radio event with optical telescopes on site for viewing the skies. Our new building will be open for visitors. **A ham radio station using the DSES club call sign, KØPRT (Plishner Radio Telescope) will be on HF and VHF radio bands. Using the big dish we will also be working Earth-Moon-Earth (EME) contacts on 1296 MHz – hear your own voice bouncing off the moon!**

We have lots of parking. A BBQ lunch* will be available on Saturday Noon – 2:30pm. We will have several coolers of cold bottled water and sodas. Be prepared for hot temps during the day and possible thunderstorms during late afternoon or evening. Hats, sunscreen, bug repellent, camp chairs and shoes for mud are recommended.

*** Pulled Pork and sides with dessert: Donations \$16 - Adult, \$8 - 12 and under (cash or local checks). Benefit for Kiowa County 4-H Shooting Sports program. Website: <https://dses.science/> Contact for more info: marketing@dses.science**

Test Equipment Loaner Program for Members

We have purchased the following pieces of test equipment for this program:

- MFJ -263 Dummy Loads
- MFJ - 802B Field Strength Meter
- RigExpert AA-650ZOOM Antenna Analyzer

Shipping was free, the total was \$902.31.

HDARC Director Harvey Dove KI5YVY is the lead for this program and will be the featured presenter for our October 2024 Membership Meeting to outline the program.

We CURRENTLY have two donated pieces of test equipment; A ZeenKo, NanoVNA-H 4 Handheld Vector Network Analyzer and a Fluke Multimeter. Please consider if you have a piece of gently used and functional test equipment you can donate for this program. Any equipment that has been purchased and in our possession to date will be at that membership meeting.

From the “Elmer” - NEW

“If you were following the news last week, you know that Hurricane Helene made an awful mess when she hit landfall. Consequently, lots of folks all across the country have been seeking out ham radio operators in hopes that hams can contact loved ones that were in the path of destruction caused by Helene. There’s a reason hams are the go-to “when all else fails.” Simply put, we enjoy the capabilities of many bands, and an array of many modes. Other than the military, we can do what no other communications service can. For example, the day that Mount St. Helens erupted, the ash released into the atmosphere by the volcano pretty much shut down the VHF and UHF bands – all except 6 meters (50MHz). The hams in the immediate area were able to relay much of the volcano related traffic on 6 meters by way of Australia and back into the disaster area. Only hams have that kind of capability. As you explore the wonderful world of amateur radio, do volunteer to work the public service activities - whether it’s the Run for the Zoo, passing messages on the National Traffic System, being an ARES volunteer, or becoming active in packet radio. After all, one of these days you may get a call from an anxious neighbor desperate to get a message from a loved one in a disaster area when all else has failed.”

73 MaryAnn NS7X

Elmer MaryAnn has prepared several tutoring kits for new hams. These kits will be on display at our October In Person Meeting for review. Thank you MaryAnn. If you know of someone wanting to

become a ham or if you wish to upgrade, MaryAnn NS7X can be contacted through ns7x@arrl.net

ELMERS are defined as an experienced operator who takes someone under his or her wing, providing personal guidance and answers to the thousands of questions that confront a newbie. In our case it would include those wanting to upgrade.

The New HAM 10 (or so) Minute Tutorial

What are the Amateur Radio Emergency Services?

Let's explore: <https://youtu.be/UnEXLv3diDQ?si=V0rUydM22qgkkpcp>

Live Streaming HDARC Monthly Meetings on ZOOM

The next live stream will happen during the October 19, 2024 in person membership meeting.

Saturday CHAT SHACK NET/MegaLink

The Saturday 10am CHAT SHACK NET will use the 444.325 + PL 100 and the 145.290 - PL100 on Sandia Crest in order to access the MegaLink system.

NM5HD Net Controllers :

1st Saturday, John Gleeson, K5JVG

2nd Saturday, OPEN . We need volunteers.

3rd Saturday, Club Meeting. No net

4th Saturday, Michael Chirin, NM5MC

5th Saturday, (when needed) Open for a volunteer. Backfilled by Mike Smith, KI5NBP until a volunteer is assigned.

We still need volunteers to run the 2nd Saturday and 5th Saturday of the month nets. This Saturday. VP Mike NM5MC will be Net Controller.

Please join us on this Net. It only takes a few minutes to check in. You can reach this Net from any part of NM because of its design. You just need to be on the right frequency, offset, and PL tone for the local repeater closest to your location at the day and time of the net. I use a HT and have checked in from different parts of the state with minimal issues. For current mega link frequency information go to www.nm5ml.com. If you're having issues programming your

radio email hdarcpres@gmail.com. You will be directed to someone in the club that can help you.

Please [click here](#) to see the operational status of NM5ML Mega Link Repeaters.

V.E. Testing

The Institute of HAM Radio Sciences conducts free V.E. testing session at NOON on the 3rd Saturday, of every month immediately following the Monthly HDARC In-Person Club Meeting in classroom #4 at the North Domingo Baca Multigenerational Center. Look for the link [FREE TESTING](#) on the club web page. Please, pre register on the club web page for testing www.nm5hd.org. For more information contact Yul Bratcher at his email, yul.bratcher@att.net A big 73 to YUL and the V.E. team for volunteering their time and resources. Without them this could not happen.

Classifieds

Welcome to the classified section. The intent is to give members and other HAMS a place to advertise any HAM related equipment they have for sale. It is also a place for members to list what HAM related equipment they are seeking to buy. There are no new classifieds.

HAM RADIO ETIQUETTE

- adapted from the original Amateur's Code, written by Paul M. Segal, W9EEA, in 1928

The Radio Amateur is:

CONSIDERATE...He/[She] never knowingly operates in such a way as to lessen the pleasure of others.

LOYAL...He/[She] offers loyalty, encouragement and support to other amateurs, local clubs, the IARU Radio Society in his/[her] country, through which Amateur Radio in his/[her] country is represented nationally and internationally.

PROGRESSIVE...He/[She] keeps his/[her] station up to date. It is well-built and efficient. His/[Her] operating practice is above reproach.

FRIENDLY...He/[She] operates slowly and patiently when requested; offers friendly advice and counsel to beginners; kind assistance, cooperation and consideration for the interests of others. These are the marks of the amateur spirit.

BALANCED...Radio is a hobby, never interfering with duties owed to family, job, school or community.

PATRIOTIC...His/[Her] station and skills are always ready for service to country and community.

CONCLUSION

Check the club's website often, there are interesting things being added weekly. www.nm5hd.org

I want to thank the club's COB, Kenneth Ham, AG5UY, for maintaining the website. Thanks Yul, WA5YUL and V.E. team for what they do to provide free testing to the public. Thank you to our Elmer MaryAnn NS7X. Thanks to those of you who provided content for this newsletters.

Feel free to reach out to me anytime at hdarcpres@gmail.com. If you wish to add content to the weekly newsletter the deadline for submission is Monday preceding the Wednesday publication date. *I look forward to hearing from you on the Chat Shack Net Saturday @ 1000 hours MDT.*
