Introduction from the President

Greetings,

Fall is on the horizon. That's when New Mexico gets busy with harvest, seasonal celebrations, the State Fair, burning of old man gloom, the smell of roasted chili, and a lot of HOT Air. We mix in what we are scheduling for club events and workshops and there is no time to think just do. Before you know we are ringing in the new year. .

We will be live streaming the August 17, 2024 general membership meeting on Zoom. Tom N5ATR will be presenting on the topic of the National Traffic Management System.

Hamming around New Mexico has several opportunities exploring the State. A New Ham Workshop/program is in development by David N6SIK.

We are forgoing the September 22nd General Membership meeting so members are free to attend the 2024 Duke City Hamfest and Convention if they choose.

The two charter schools that we sponsor for Ham radio are going back to school this week. Both of them have requested a field day like event during school hours to help them enroll more members in Sept or Oct.

The East Mountain Group has requested that we hold at least one in-person general membership meeting and testing a year in Edgewood. I am slating November 16, 2024 for the in-person meeting

and Testing in Edgewood. I need to confer with our Testing team on this matter. We will announce a few more programming additions for the fall and winter in the near future once I get confirmation and dates. Our new Elmers, MaryAnn NS7X and Marc Matheson KD6KRA will be meeting with me next week to discuss going live with the Elmer program. Soon our Test Equipment Loaner program will kick off. Thank you Harvey KI5YVY for taking on this program.

I wish to thank the membership again for passing the revisions to the constitution and by-laws. COB Ken, VP/Treasurer Mike C and I have already begun looking for a good way to invest the budget reserve. VP/Treasurer Mike C and I will begin developing a budget document in September for next fiscal year.

We need a few more volunteers to work the club booth at the DukeCity Hamfest in September. We also need a member to be net control for the Chat Shack on the 2nd Saturday of the month. Give it a try for one month and see if you like being a net control operator. Let me know if you are willing to give it a shot.

Don't forget to join fellow HAMS on our Wednesday Noon Zoom CHAT room for lively discussions on current events in Amateur Radio.

The link to access the chatroom is

<https://us02web.zoom.us/j/81747392564?pwd=W3vSa9XrFJdzQQrlqDFZu6yaP8nWir.1> If you are asked to enter a pin/passcode it is **737373**.

Previous links will not work correctly.

73 Mike KI5NBP

Club Repeaters and Simplex Frequencies

The Club has Two Repeaters, 442.750+ PL 162.2 on Sandia Crest and 145.370 - PL 162.2 in Edgewood. The Club uses two Simplex frequencies, 146.460 and 446.025

Join the FUN, join the Club

Are you aware that the HDARC is one of the most active Amateur Radio Clubs in New Mexico? Well, it is! Read on and find out! Tell a friend! www.nm5hd.org

To become a club member go to www.nm5hd.org and click on the "[become a member](#)" tab to join the ever growing group of the coolest Hams in New Mexico, you'll be glad you did!

Welcome New Members

Glenn Boudreaux KA5PTG

Marc Librie

2024 Spaceport America Open House

We are confirmed to participate in the Spaceport America near Hatch NM on September 8, 2024. I have registered those members that came forward and volunteered to participate. We will be demonstrating Amateur Radio and how it aligns/relates with Space.

This will be a long day. 2-2.5 hour drive to the Spaceport. We can set up at Spaceport America between 0800hr and 1000 hrs local time. Breakdown is between 1400 - 1500 hours local time.

Our HDARC Spaceport America Demonstration team is:

**Yul WA5YUL
David N6SIK
Becky N6TYT
Ed KC2LM
Rob KI5NBN
Ken AG5UY
Mike KI5NBP**

Thank you for volunteering. This event requires you to obtain a ticket to attend. They are having a morning and afternoon event. [Click on this](#) to obtain tickets if you wish to attend. The address to Spaceport USA is: Co Rd A021, Truth or Consequences, NM 87901

New HAM Workshop

The Club will be hosting a class for newer hams. The main focus for this class will be on using your handheld ham radio and getting the most out of your hard-earned privileges. These meetings will be held at the North Domingo Baca Center, the same place we hold our meetings. Several club members have already expressed an interest.

At this stage we would like to get a response from those of you who would like to attend. The event will be on a weekday evening, 6-8pm. Of course, this will be a free event. Please contact David N6SIK if you think you could benefit from something like this, and which weekday evening works best for you. Contact David N6SIK through the club email address hdacpres@gmail.com. A Big 73 to David N6SIK for developing and leading this workshop.

HDARC Sept. 2024 Membership Meeting/Duke City Hamfest & Convention

It was announced at our July membership meeting that the HDARC Leadership made a decision to forgo our Sept 20, 2024 Membership Meeting because it falls on the same day of the Duke City Hamfest and Convention. As a sponsor of the Hamfest we want members to take the opportunity to go and enjoy the Hamfest and Convention. We have some of our members that have roles at the Hamfest. We have several members who will be featured as forum presenters on Sept. 21, and 22, 2024. The hamfest has over 30 workshops and forum presenters. We will have a club table to staff all day Saturday and Sunday morning. In January I took on the role of chairman of the 2024 DCHF forums Committee. Tom N5ATR sat on the committee with me to select presenters. Thank you Tom. At the July membership meeting I asked for volunteers to staff the club tables. HDARC Director Harvey KI5YVY has volunteered to take a morning shift on

Saturday Sept 20th . Thank you Harvey. If you volunteer for a shift, the Club will reimburse your \$15.00 REGISTRATION FEE.

I also asked for volunteers to help me with the forum presenters as Forum Presenter Host on Saturday Sept. 21st and the morning of Sunday September 22. A forum host will be assigned a presentation room for a four (4) hour shift. The host will greet the presenter, help the presenter get settled in, introduce the presenter, and aid the presenter in finishing on time. Any IT issue will be handled by the UNM A/V technician assigned to us. Volunteers for this job will have their registration fee (\$15.00) reimbursed personally by me. I need 8 to 10 volunteers and will be offering this opportunity outside our club also. A big 73 to Sean KJ5USN and Harvey KI5YVY for volunteering. Contact me at KI5NBP.mike.smith@gmail.com or at 505-401-0219 if you are interested. Go to the [2024 DCHF website](#) to look at the list of presenters.

HDARC Member Name Badges/Hats/Shirts

I have been asked by members how to purchase a HDARC Membership Badge. [Click Here](#) to be directed to our vendor's web store.

HDARC Shirts,hats,and other Club gear can be ordered from Rio Rancho T-Shirts, 1207 Golf Course Rd SE Ste F, Rio Rancho, NM 87124. Speak with Wayne or Penny at: (505) 891-1521

HAMMING AROUND NEW MEXICO -[NEW](#)

Saturday, August 31st Alamogordo Hamfest 7am-3pm

Past President Dave N6SIK and Becky N6TYT will be traveling down a few days prior to the Hamfest to visit the local sites. We will be staying in the local KOA campground. You're all invited to join them. The more the merrier. Alamogordo is about a 3-hour drive from the Big I. Saturday afternoon we can fire up the radios and see who we can chat with.

Weekend of October 4-5-6 Cooke's Canyon north of

Deming. Drive down on Friday the 4th and stay at the Desert Vista RV campground. 2020 Hatch Hwy, Deming, NM 88030. Join them at the campground if you wish or make other arrangements. Deming is about a 3.5 hour drive from Big I. Saturday morning, we will get an early start so we can visit many of the historic sites important to the history of New Mexico. These are good dirt roads with only a few rough spots so any good ground clearance vehicle should be okay. We will venture out to visit places like Cooke's City, Fort Cummings, the old Butterfield Trail and the Wells Fargo Stage Route and Massacre Canyon. In the coming months they will provide fascinating stories in the weekly newsletter. Saturday afternoon and Sunday morning we can fire up the radios and see who we can chat with. For more information contact Past President David N6SIK.

ELMERS! - NEW

Our new Elmers. MaryAnn NS7X and Marc Matheson KD6KRA will be meeting with me next week to discuss going live with the Elmer program. ELMERS are defined as an experienced operator who takes someone under his or her wing, providing personal guidance and answers to the thousands of questions that confront a newbie. In our case it would include those wanting to upgrade.

Club Calendar - July -September 2024

Saturday September 25, 2024 10:00 AM: HDARC NM5HD STATEWIDE CHAT SHACK NET on the MEGA Link NM5ML. NM5MC Mike C is our net controller. [Click Here](#) for more info.

Saturday CHAT SHACK NET/MegaLink

The Saturday 10am CHAT SHACK NET will use the 444.325 + PL 100 and the 145.290 - PL100 on Sandia Crest in order to access the MegaLink system.

NM5HD Net Controllers :

1st Saturday, John Gleason, K5JVG

2nd Saturday, OPEN . We need volunteers.

3rd Saturday, Club Meeting. No net

4th Saturday, Michael Chirin, NM5MC

5th Saturday, (when needed) Open for a volunteer. Backfilled by Mike Smith, KI5NBP until a volunteer is assigned.

We still need volunteers to run the 2nd Saturday and 5th Saturday of the month nets. John Gleason K5JVG will host the Net this Saturday. V.P. Mike C NM5MC will make the club announcements.

Please join us on this Net. It only takes a few minutes to check in. You can reach this Net from any part of NM because of its design. You just need to be on the right frequency, offset, and PL tone for the local repeater closest to your location at the day and time of the net. I use a HT and have checked in from different parts of the state with minimal issues. For current mega link frequency information go to www.nm5ml.com. If you're having issues programming your

radio email hdarcpres@gmail.com. You will be directed to someone in the club that can help you.

Please [click here](#) to see the operational status of NM5ML Mega Link Repeaters.

V.E. Testing

The Institute of HAM Radio Sciences conducts free V.E. testing session at NOON on the 3rd Saturday, of every month immediately following the Monthly HDARC In-Person Club Meeting in classroom #4 at the North Domingo Baca Multigenerational Center. Look for the link [FREE TESTING](#) on the club web page. Please, pre register on the club web page for testing www.nm5hd.org. For more information contact Yul Bratcher at his email, yul.bratcher@att.net A big 73 to YUL and the V.E. team for volunteering their time and resources. Without them this could not happen.

Test Equipment Loaner Program for Members

HDARC Director Harvey Dove KI5YVY the lead for this program. At this time we have two donated pieces of test equipment; A ZeenKo, NanoVNA-H 4 Handheld Vector Network Analyzer and a Fluke Multimeter. Please consider if you have a piece of gently used and functional test equipment you can donate for this program. Harvey is currently working on the program outline, equipment training program, and loaner process. I am planning

for Harvey to present the program outline during the October Meeting. We will be making some purchases of new equipment in the near future. I anticipate a final report to the club at the August meeting.

HDARC By-Law Review Progress Report

At our General Membership meeting on Saturday July 20, 2024 a live quorum of our membership voted to approve the revision to the current HDARC By-Laws and Constitution. On behalf of the leadership team I wish to thank the membership for their trust and wisdom on this matter. Your vote of confidence has set into motion some new annual milestones for the leadership team. COB Ken AG5UY will be posting the revised document on the website tomorrow. Look under the tab titled "Resources then "Club Documents"

UPDATE: COB Ken, VP/Treasurer Mike C, and I are researching for the best investment and return for the club reserves requirement. We have estimated the 2 year budget reserve to be \$3000.00. We will keep you informed as we decide on the best investment approach.

HDARC CLUB COMMUNICATION TRAILER

Thanks to Rob KI5NBN, progress is being made in repairing, modifying and identifying what we need to make the trailer truly operational. We did another event last weekend in Edgewood NM using the trailer to support multiple antenna systems. The trailer now has two antenna mounting systems. Thank you Rob KI5NBN for your continued work on the trailer. Our next scheduled outing using the trailer is the Spaceport USA event in September.

Live Streaming HDARC Monthly Meetings on ZOOM-NEW

In August the meeting will be beta tested with a live stream on Zoom for the entire meeting. If all goes well, The October meeting will be streamed live on Zoom for the membership. Here is the ZOOM link. No password required to join the broadcast. ZOOM participant microphones will be muted. You can view only.

<https://us02web.zoom.us/j/83464177745?pwd=DjibOpr3sQjQOVDPYo88lJph14joSq.1>

The New HAM 10 Minute Project- NEW

Did you just get your ticket as a new Technician?
Understanding the function and importance of a Multimeter as a diagnostic tool is a necessity. [Let's explore](#)

HDARC Charter School Radio Club Program

I met with the ASK Academy Sponsor Sean Hurley KJ6USN and HDARC Charter School Representative John Betz KI5YIF last week. They have a concrete plan to recruit and train members of the club. More to come.

Classifieds

Welcome to our new classified section. The intent is to give members and other HAMS a place to advertise any HAM related equipment they have for sale. It is also a place for members to list what HAM related

equipment they are seeking to buy. Here is our first listing from a fellow member Alamogordo NM. Chuck KA5PAL is always checking in on the NM5HD State-wide Chat Shack Net. He is listing the following for sale:

[50 foot Tower \(click on the title\)](#)

Chuck's email is cwstonex@outlook.com

If you have something to post in the classifieds please email it to me no later than Sunday prior to the Wednesday publications date. Email to hdarcpres@gmail.com

Listing 2 from Rob KI5NBN

We just got a Kenwood TM-281 from a Silent Key's family. It is 65 Watts and has the magnetic mount antenna. No mounting bracket.

It retails for over 150 bucks new in the box.

50 bucks to HDARC Members.

Contact me if you are interested in the radio.

HAM RADIO ETIQUETTE

- adapted from the original Amateur's Code, written by Paul M. Segal, W9EEA, in 1928

The Radio Amateur is:

CONSIDERATE...He/[She] never knowingly operates in such a way as to lessen the pleasure of others.

LOYAL...He/[She] offers loyalty, encouragement and support to other amateurs, local clubs, the IARU Radio Society in his/[her] country, through which Amateur Radio in his/[her] country is represented nationally and internationally.

PROGRESSIVE...He/[She] keeps his/[her] station up to date. It is well-built and efficient. His/[Her] operating practice is above reproach.

FRIENDLY...He/[She] operates slowly and patiently when requested; offers friendly advice and counsel to beginners; kind assistance, cooperation and consideration for the interests of others. These are the marks of the amateur spirit.

BALANCED...Radio is a hobby, never interfering with duties owed to family, job, school or community.

PATRIOTIC...His/[Her] station and skills are always ready for service to country and community.

CONCLUSION

Check the club's website often, there are interesting things being added weekly. www.nm5hd.org

I want to thank the club's COB, Kenneth Ham, AG5UY, for maintaining the website. Thanks Yul, WA5YUL and V.E. team for what they do to provide free testing to the public. Thanks to those of you who provided content for this newsletters. Feel free to reach out to me anytime at hdarcpres@gmail.com. If you wish to add content to the weekly newsletter the deadline for submission is Monday preceding the Wednesday publication date.
